The Basque Cultural Center is proud to present a special appearance of the legendary singing duo from the Basque province of Lapurdi: Pantxoa Carrere (Azkaine, 1948) and Peio Ospital (Ezpeleta, 1948).

These two great Basque singers sing of the opposing emotions of being Basque: the desire to be a peacemaker at home in his land and the struggle to be recognized as a people.

Land and love are essential for the survival of the human being, and they are also the source of inspiration for popular songs. Peio and Pantxoa have always used this eternal, vital concept brilliantly, producing humane, moving, close and lyrical songs which are vigorous and sublime at the same time. In fact, Basque music or culture cannot be understood without Pantxoa eta Peio. These two attractive voices sing as if they were one, beating as one heart, extolling the virtues of unity, language, love, land, peace and freedom.

Pantxoa & Peio will be accompanied by renowned accordionist Iñaki Diegez.
